## Despre mine

I'm a 24 year old Medical student, currently in my 5th year of studies. I'm an Indian and I've been studying the first 3 years of medicine in Ukraine, later on i transferred to Moldova due to the war circumstance in Ukraine.

I'm a very good English speaker with previous experience working in my family business as tele caller. I know the rules of tele customer services and how to manage a customer.

I would really like to have a job where I can still continue my studies as well as the job. I'm trying to find a good income for the same.

Confident speaker

Have experience back in my hometown in tele customer calling
